FSG Master Tradesperson 3 (Mechanic)
HII FLEET SUPPORT GROUP (0480)
San Diego-California-United States
29306BR

Position Specifics:
The selected candidate will perform work as a marine mechanic onboard naval vessels. This individual will be responsible for assembly, installation, and repair of habitability components, decking, and other components as required.

Qualified candidates must possess the following:
• Experience in assembling fabricated material and installing onboard naval vessels.
• Experience using various tools required for shipboard installations.
• Experience in restoring and rebuilding MCT/MCP’s to include opening, packing, closing and testing.
• Experience in performing ventilation modifications and installations.
• Experience setting up hot work containment areas.
• Experience in paint and lagging onboard naval vessels.
• Ability to travel up to 75% of the time.
• Ability to work overtime as required.
• Must be able to obtain and maintain a Secret Security clearance and base access.
• Interim Secret Clearance required within 150 days of hire.

Applies comprehensive understanding of production and processes toward completion of assignments. Responsible for interfacing with customers, managing subcontractors and ability to provide work direction to others. Performs a variety of complicated and non routine tasks. Develops and uses technical documents including controlled work packages, formal work processes and procedures, test documents, reports and task or trip reports. Schedules, reports and briefs customers and senior management. Performs duties outside of specialty in order to complete installation or work assignment.

Must be able to lift, carry and transport heavy equipment and boxes. The exact weight requirements will be determined by the specific job, but no less than 30 lbs. Able to work on and climb ladders, work in extreme temperature environments, aboard ships, in shipyards, under industrial conditions and in confined spaces. Able to perform other duties as required which may involve high heat, humidity, noise and dirty conditions, working aloft or over the sides of vessels. May ride ships at sea for extended periods. May require wearing a respirator. Travel may be required within and outside of the continental United States.
