This is a 9-week program intended to train Service Technicians for employment by United Rentals at no cost to you (you will not be asked to use your GI Bill). Universal Technical Institute and Workforce Opportunity Services will provide training. The ideal candidate will be a team player with strong interpersonal skills, as well as high levels of leadership and attention to detail. Safety and Customer Service are two core values within United Rentals; therefore, applicants must display both.

**Applicant Qualifications:**
- Basic knowledge in repairing and maintaining diesel engines and/or HVAC equipment
- Strong mechanical aptitude
- Knowledge of tools applicable to position
- Possess the ability to navigate electrical schematics
